*Live Musicians for Any Occasion*

Not sure what  
you want yet?

Let us help  
you decide!

String Quartet at the Campus Bryanston 2017  
by Keenan Meyer

**In order to decide what live music you would like at your wedding, you will need to ask yourself the following questions...**

**1. What part of the wedding would you like live musicians for?**

We mostly play before the ceremony (up to half an hour), during the ceremony (between half an hour and an hour), and for your guests during canapés while you have photos taken (we suggest one to two hours for this).

We can also play for the reception - our bands are most popular for this.

## 2. What kind of music would you like played?

What genre of music will suit your style, theme, and budget?

What is the average age of your guests? What would they enjoy?

Remember, you can have different groups for different parts of your special day (E.g. a String Quartet for the ceremony, but our Jazz Duo for canapés)

**Tip:** find us on [YouTube](#) and [SoundCloud](#) as [StringThingSA](#)

## 3. What instruments would you like?

Do you prefer the sound of a particular instrument, or dislike the sound of any instruments?

**Tip:** Listen to some of your favourite songs played by different groups (string quartet, bands with or without singers, piano, jazz ensembles). These can usually be found on [YouTube](#).

## 4. What is your budget?

String Quartets are very popular, but can get pricey. If you are looking for a smaller, intimate (and more cost-effective) option, a trio, violin duo, or cello duo could be more suited to your budget.

For one-musician-only options, we offer saxophone, harp, and piano.

Malusi Masia at River Meadow Manor 2016  
by Mxolisi Magagula

**Tip:** find our pricing estimate table on our website under the “Pricing” tab.

## 5. What specific songs would you like played?

Do you have ‘a song’ symbolizing your relationship?

Do you want the traditional wedding march?

Remember, not all songs can be played by all our ensembles, so take into consideration what the songs will sound like played by the specific ensemble you would like.

**Tip:** Have a look on our website for some inspiration.

## Advantages of Live Music

- More personal than a CD or recording.
- Beautiful, balanced and naturally loud sound to suit any atmosphere.
- You can pick and choose what songs you would like, and we can customize these with when you want pauses, or what part of the song you want etc.
- Instruments are beautiful and can add visual pleasure for you and your wedding guests.

Violin, Cello and Double Bass
